

TRANSPARENCY INTERNATIONAL

the global coalition against corruption

EU development policy officer Benjamin Norsworthy is attending the 6th edition of the European Development Days in Warsaw on 15th and 16th December 2011. He will be supporting the vice-chair of the International Board of Directors of Transparency International, Mr. Akere Muna, who is bringing the voice of civil society to the event's opening ceremony. The theme of this year's Development Days is Development and Democracy, complimenting the European Commission's recent Agenda for Change, which prioritised governance standards and participatory development. We look forward to some interesting and important discussions!
